

Community Development & Resource Centre Manager

£36,000

Barking & Dagenham CVS is about to take over the management of a newly refurbished three-floor building in the centre of Barking, including a large hall with stage, training rooms, office accommodation, incubation space for new groups and a community café.

Taking responsibility for the management of the building, you will develop it into a vibrant voluntary and community resource centre, while also managing the CVS Development Team that will be delivering support to local groups.

You will join us at the start of an exciting 25 year project as an integral part of the CVS senior management team, therefore a very positive, highly motivated and ambitious attitude is essential.
